ACTIVITY SUMMARY // WHAT WE DO

NW3C delivers no-cost training and technical assistance to state, local, tribal, and territorial law enforcement agencies across the U.S., helping them protect their communities. By focusing on underserved agencies with limited funding, NW3C provides essential support in Cyber Investigations, Digital Forensics, Financial Crimes, and Open Source Investigations through expert training, advanced tools, and vital resources

COMPANY OVERVIEW // WHO WE ARE

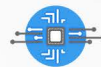

NW3C, a non-profit 501(c)(3) organization established 46 years ago, is Congressionally authorized to provide high-quality training, tools, technical assistance, and resources to state, local, tribal, and territorial (SLTT) law enforcement. Over the years, NW3C has continuously evolved and expanded its services to support SLTT law enforcement nationwide in the prevention, investigation, and prosecution of economic and high-tech crime. NW3C manages 14 different projects through DOJ as well as through public and private partnerships.

"This NW3C training is especially beneficial for small/poorly funded law enforcement departments. It has been great to be able to attend these training courses being on a department with a small travel/training budget."

61 ICAC TASK FORCES

NW3C is a primary training and technical assistance provider for the national network of 61 ICAC Task Forces representing more than 5,400 federal, state and local law enforcement and prosecutorial agencies throughout the country.

"NW3C consistently offers incredibly high-quality instruction and some of the best training available. Almost every instructor we've had and almost every course we've taken have been highly praised by attendees. It has a very positive influence on our work, and it is great to have such high caliber offerings available at no cost."

-Lakeland Police Department

TECHNICAL ASSISTANCE

Offering hands-on investigative support.

306 TECH ASSISTS

"It would be hard for us to duplicate the ground-up training and technical assistance provided by NW3C. It would also be incredibly expensive. You all are an invaluable asset to the forensic community."

-Gahanna Police Department
